This indemnification shall extend to claims occurring after this Agreement is terminated as well as while it is in force. The indemnity shall apply regardless of any passively negligent act or omission of the Contractor, or its agents or employees, but Subcontractor shall not be obligated to indemnify any party for claims arising from the active negligence, sole negligence, or willful misconduct of the Contractor or its agents or employees or arising solely by the designs provided by such parties. To the extent that State law limits the defense or indemnity obligations of the Subcontractor, the intent hereunder is to provide the maximum defense and indemnity obligations allowed under applicable law. The indemnity set forth in this Section shall not be limited by any insurance requirement or any other provision of this Agreement.

22. Warranty

Subcontractor warrants to the Contractor that any and all materials and equipment furnished shall be new unless otherwise specified and that all Services provided under this Agreement will be performed, at a minimum, in accordance with industry standards. All work not conforming to these requirements, including substitutions not properly approved and authorized, may be considered defective.
